

Master Artists

Heartwarming stories introduce students to great modern masters. We learn about them both as people and as artists.

Multicultural, hands-on art activities give participants an opportunity to experiment with the ideas that each master artist originated.

Ages 8 and up.

Residency or single workshop.

Passport to Art

Susan Striker's Passport to Art offers children a chance to "travel" all over the world without leaving home! Students can get a visa to "visit" a different country every week where they will create crafts typical of the unique culture or period of history. Do a single workshop "journey" to one country or a multi-cultural semester residency.
